FLAVOR TEXT – THE ALCHEMIST

> "The self is the laboratory. The journal is the notebook. Every entry is an experiment."
 > "Transmutation is not destruction – it is transformation. The crucible does not end things; it changes them."
 > "The Great Work (Magnum Opus) was never about turning lead to gold. It was about turning the self into something luminous."
 > "Ouroboros: the serpent that eats its own tail. The cycle that has no beginning or end. You wrote it. You named it. You are it."

LORE CONNECTIONS

The Alchemist system connects to:

- The Navigator (v11) – dead reckoning is alchemy of position: no GPS, just accumulated knowledge
- The Oracle (v14/v15) – prophecy and transmutation share the same grammar: what was becomes what is becomes what will be
- The Mastery Tiers – the philosopher's stone is the destination; the practice is the journey
- The Starship Deck (v14) – launch/mission vocabulary overlaps: countdown ≈ sublimation; reentry ≈ transmutation
