I. PHILOSOPHY & DESIGN LANGUAGE

"Self-care is not a quest you complete. It is a world you build."

LOT is an RPG and Arcade of self-care. Every check-in is a move. Every streak is a power-up. Every answered memory question writes one more line of your story. Badges are not trophies -- they are transmissions from a future self back to the present one.

The badge system speaks in symbols because symbols reach parts of us that words cannot. A single [=] carries more meaning than a paragraph. An [o~] says: you began.

LOT draws from three design philosophies:

1. RPG PROGRESSION -- levels, quests, story arcs, unlockables, secret content
2. ARCADE CULTURE -- instant feedback, combos, high scores, easter eggs
3. SCI-FI COMPUTING -- terminal aesthetics, ASCII art, quantum signals

The result: a self-care system that feels like playing a game written in the future. The interface is monochrome by design. Color is earned.

>> Design Constraints

- Symbols over emojis. Always.
- Periods over exclamation marks. 'Done.' not 'Done!'
- Monochrome terminal aesthetic. The badge IS the color.
- No badge collection clutters the UI. Badges live in the profile.
- Rarity is never explained. Discovery is part of the reward.

II. THE DUAL BADGE SYSTEM

Two visual metaphors for growth. Players choose their language on first run.

>> A. Water Path o -> ~ -> =

Water is patient. It does not force -- it finds the path.
Your practice, like water, shapes everything it touches.

SYMBOL	NAME	DAY	UNLOCK MESSAGE
o	Droplet	Day 7	First drops form. The signal begins.
~	Wave	Day 30	Waves begin to flow. Rhythm established.
=	Current	Day 100	Deep currents established. You are the ocean.
==	Voyager	Day 180	Half-year in the deep.
===	The Long Count	Day 365	A year of presence. LEGENDARY.

>> B. Architecture Path |- -> |=| -> ||.||

Architecture is intentional. Every block placed with care becomes load-bearing.
Your practice builds something that holds.

SYMBOL	NAME	DAY	UNLOCK MESSAGE
-	Foundation	Day 7	Foundation laid. The first column rises.
=	Structure	Day 30	Structure rises. Walls hold.
.	Architecture	Day 100	Architecture complete. It will outlast you.
=	Citadel	Day 180	Half-year fortress. Impenetrable.
--	The Monolith	Day 365	LEGENDARY. The architecture stands forever.

>> C. Theme API (badges.ts)

```
badges.ts public API
getBadgeTheme()           -- reads localStorage 'badge_theme'
setBadgeTheme(theme)      -- writes 'water' or 'architecture'
getLevelSymbol(streak)    -- returns correct symbol for streak count
getLevelName(streak)     -- returns name ('Droplet' vs 'Foundation')
getBadgeProgressionDisplay() -- formats 'o -> ~ -> =' or '|- -> |=| -> ||.||'
checkAndAwardBadges()    -- async: fetches /api/user-stats, awards if due
awardBadge(badgeId)      -- awards badge + queues Memory Widget notification
getNextBadgeUnlock()     -- pops next queued notification from localStorage
```

#### >> Mayan Philosophy in LOT

Mayan cycle philosophy applied to self-care practice:

1 K'in = 1 day of practice  
7 K'ins = First LOT mini-cycle (o / |-)  
20 K'ins = 1 Uinal (traditional Mayan month)  
30 K'ins = LOT major cycle -- lunar month (~ / |=|)  
100 K'ins = LOT mastery (approaching 1/4 Tun) (= / ||.||)  
360 K'ins = 1 Tun -- a Mayan 'year'  
365 K'ins = YEAR ONE LEGENDARY (=== / |--|)

Water: droplet (o) -> wave (~) -> deep current (=)  
Mayan: dot (1) -> bar (5) -> shell (0 / completion)
