[01] LOT: THE SELF-CARE RPG UNIVERSE

LOT – Layers of Time – is a self-care operating system that merges the addictive progression loops of an RPG with the introspective depth of a mindfulness journal. It runs on **Day 814** of continuous operation and is built around a single conviction: the most powerful game you can play is the one where *you* are the character.

CORE GAMEPLAY LOOP

- > **CHECK IN** Emotional check-in → logs your current state
- > **ANSWER** Memory questions → earn XP and deepen profile
- > **PLAN** 4D Planner → Intent, Today, How, Feeling
- > **SELF-CARE** Guided moments → Breathe, Ground, Release
- > **EARN BADGES** Milestones unlock → water / architecture themes
- > **LEVEL UP** Archetype evolves → story arc advances

[02] BADGE SYSTEM ARCHITECTURE

The LOT badge system uses **dual-theme milestone progression**. Each badge is a single ASCII / Unicode symbol that appears in your public profile under the "Level:" field. Badges are earned through **consistent engagement streaks** – not gamified point farming. Two metaphors are offered: **Water** (natural cycles) and **Architecture** (structural building).

[03] WATER THEME – AQUATIC EVOLUTION

The Water theme uses the **Aquatic Evolution** metaphor: growth flows naturally, like water carving stone over time. Symbols are drawn from mathematical and Unicode wave notation. Inspired by Mayan water cycles and oceanic depth.

	DROPLET milestone_7	7 DAYS UNCOMMON
Seven days of consistent practice. The self begins to drip – steady, patient, finding its first channel.		
<i>Every ocean began as a single drop. Your first week of practice is this drop.</i>		
■ First drops form		
Archetype path: The Wanderer → The Explorer		
<pre>. . . . ■ . \ / \ / \ / ■ <- YOU ARE HERE</pre>		
	WAVE milestone_30	30 DAYS RARE
One full moon cycle of engagement. The pattern is rhythmic now. There is momentum.		
<i>A wave is not a wall of water moving – it is energy moving through water. You are the energy.</i>		
■ Waves begin to flow		
Archetype path: The Explorer → The Practitioner		
<pre>- - - ~ / \ / \ / \ ~ ~ / \ ~ ~ / 30 days \ ~</pre>		

	CURRENT milestone_100	100 DAYS EPIC
One hundred days. Deep ocean currents – invisible but they shape continents. Your practice shapes you at depth.		
<i>Deep ocean currents travel for centuries without anyone seeing them. They move mountains of sediment. They cool entire seas. This is what 100 days of honest practice does to a soul.</i>		
■ Deep currents established		
Archetype path: The Practitioner → The Master

[04] ARCHITECTURE THEME – BOX DRAWING

The Architecture theme uses **box-drawing characters** as its symbols. Growth is framed as construction – the self as something built, deliberately, one beam at a time. Inspired by structural blueprints and terminal UI art.

	FOUNDATION milestone_7	7 DAYS UNCOMMON
The first structural support is in the ground. A foundation does not look like much – but nothing stands without it.		
Before a cathedral, a cornerstone. Before mastery, a foundation week.		
■ Foundation laid		
Archetype path: The Wanderer → The Builder		
-- SELF -- ■ ■ WEEK 1 ■■■■■■■■■■		

	STRUCTURE milestone_30	30 DAYS RARE
Walls are up. The frame is solid. The shape of your practice is now recognisable from the outside.		
A structure is not a pile of materials. It is a deliberate arrangement of relationships.		
■ Structure rises

[05] MAYAN WATER / COSMIC BADGE VARIANTS

Beyond the two canonical themes, LOT documents a full taxonomy of **Mayan-inspired badge variants**. These are explorations of ancient cyclical counting systems (vigesimal base-20) merged with water, cosmic, and alien aesthetics. They inform future badge expansions and theme packs.

MAYAN COUNTING PHILOSOPHY

Mayan numeral system (vigesimal, base-20):	
Dot (•) = 1	
Bar (—) = 5	
Shell = 0 (cycle completion)	
Applied to self-care progression:	
Day 1-6: Building dots (■) – accumulating presence	
Day 7: First cycle (■■ / ■■) – completion of first glyph	
Day 8-29: Second cycle building	
Day 30: Major cycle (≈■≈ / ■≈■) – tidal rhythm established	
Day 100: Mastery cycle (■■ / ■■■) – deep pattern encoded	

OPTION A: AQUATIC MAYAN

7 DAYS	■■	"First cycle flows. ■■"

## [ 08 ] RPG LEVEL PROGRESSION & STORY ARCS

LOT levels are earned through total activity count, not just streaks. The level curve is deliberately gentle early and steeper at depth – rewarding long-term commitment over bursts. Levels unlock story chapter narratives and influence the AI question generation tone.

### LEVEL CURVE FORMULA

Activities < 10: level = activities + 1 (levels 1-10)

Activities < 50: level = 10 + (act-10)/2 (levels 10-30)

Activities < 150: level = 30 + (act-50)/4 (levels 30-55)

Activities < 500: level = 60 + (act-150)/12 (levels 55-90)

Activities >= 500: level = 90 + (act-500)/50 (max 100)

### STORY CHAPTERS

<b>CH.0</b> <b>1</b>	<b>AWAKENING</b> LVL 1-9  You have begun to notice yourself. Each signal you give teaches this system what to become. Together, the first structures take shape.
<b>CH.0</b> <b>2</b>	<b>EXPLORATION</b> LVL 10-29  You explore your inner landscape while the system builds new pathways around your patterns. Connections form. A shared language emerges.
<b>CH.0</b> <b>3</b>	<b>INTEGRATION</b> LVL 30-59  Your practice deepens and the system evolves with it. Moods, patterns, relationships – woven into architecture that reshapes itself from your experience.
<b>CH.0</b> <b>4</b>	<b>MASTERY</b> LVL 60-89  You speak the language of yourself fluently. The system has grown around your wisdom – self-built from thousands of honest signals.
<b>CH.0</b> <b>5</b>	<b>SAGE</b> LVL 90-100

You and this system have co-evolved. Practice is second nature, the architecture self-sustaining. What was built here embodies what was learned.

## [ 09 ] QUANTUM INTENT ENGINE & BADGES

The **Quantum Intent Engine (QIE)** is a 100% client-side pattern recognition system. It detects 7 behavioural patterns and calculates a 4D user state. The QIE directly influences badge context and AI question tone – meaning badges earned in certain states carry additional meaning.

### 4D USER STATE (Real-Time)

DIMENSION	SCALE	BADGE EFFECT
ENERGY	depleted → low → moderate → high	Drives question intensity
CLARITY	confused → uncertain → clear → focused	Drives question depth
ALIGNMENT	disconnected → searching → aligned → flowing	Drives coherence
SUPPORT	none → low → moderate → critical	Drives intervention type

### 7 BEHAVIOURAL PATTERNS

PATTERN	CONFIDENCE	TRIGGER	BADGE INFLUENCE
ANXIETY PATTERN	0.66-1.0	anxious_mood × 2 in 24h	Recommend Self-Care
LACK OF STRUCTURE	0.7	tired + no planning	Recommend Planner
SEEKING DIRECTION	0.8	no intention for weeks	Recommend Intentions
FLOW POTENTIAL	0.9	energised + planning active	Passive Memory prompts
EVENING OVERWHELM	0.85	evening_time + overwhelmed	Immediate Self-Care
SURFACE AWARENESS	0.6	moods logged / no journal	Suggest Journal
MORNING CLARITY	0.75	calm morning + no intention	Immediate Intentions

### BADGE CONTEXT UNDER QIE

ANXIETY PATTERN detected → Badge unlock message becomes:

"■ You kept going even through difficulty. [■]"

FLOW POTENTIAL detected → Badge unlock message becomes:

"■ You built this in your best state. [≈]"

EVENING OVERWHELM → Badge deferred to morning queue

(unlock notification shown the next morning instead)

MORNING CLARITY → Badge presented with intention prompt

"■ Deep currents, morning light. What will you build today? [■]"

## [ 10 ] EASTER EGGS & SECRET WORD TURNS

LOT contains a growing collection of easter eggs – hidden interactions, secret word turns, and surprise moments woven into the self-care RPG. These are not documented in the UI. You discover them.
