01 THE LOT RPG LAYER

LOT is more than a wellness tracker – it is a living RPG where every self-care action builds toward a richer inner story. Badges are earned through genuine consistency and depth. The Arcade layer delivers instant feedback: streaks, toasts, level-ups, combo multipliers. The RPG layer builds long-term narrative.

THE ARCADE METAPHOR

Every check-in is a move. Every streak is a power-up. Badges are not trophies – they are transmissions from a future self back to the present. The badge system speaks in symbols because symbols reach parts of us that words cannot. A single ■ carries more meaning than a paragraph.

·	middle dot	separator between traits and values
→	right arrow	forward movement through milestones
■	down-right	system sub-thought / nested insight
■	ring	Water Day-7 badge, first droplet of presence
≈	almost equal	Water Day-30 badge, wave of pattern

■■■	box draw	Architecture Day-30 structure symbol
■.■	box draw	Architecture Day-100 complete architecture
■	fisheye	Mythic tier symbol – the deep eye

02 BADGE SYSTEM – DUAL THEME

Badges display in the 'Level:' field on the Public Profile. Users choose between two visual languages for their growth story via Settings.

WATER PATH ■ ■ → ≈ → ■

Philosophy: Growth through natural cycles, like water finding its path. Water does not force – it shapes through persistence.

■	Droplet	Day 7	First drops form. Singular moment of presence.
≈	Wave	Day 30	Pattern emerging. Tide in motion. Moon cycle.
■	Current	Day 100	Deep, established, oceanic mastery.

Extended milestones:

■■	Twin Drop	Day 14	Two-week pattern confirmed.

■.■	Architecture	Day 100	Complete. The self as built environment.

17 DESIGN PHILOSOPHY

The LOT badge system draws from three deep wellsprings: Mayan vigesimal counting, the symbolism of water, and Sci-Fi/cosmic aesthetics that make practice feel ancient and futuristic simultaneously.

THE MAYAN LAYER

Mayan numerals:
 · (dot) = 1 ■ (bar) = 5 ■ (shell) = 0 (completion)

Applied to LOT:
 7 days = first mini-cycle (dot patterns ■ = ring/single dot)
 30 days = uinal-like cycle (bars + circles ≈ = almost-equal/wave)
 100 days = long count step (deep waves ■ = triple tilde)
 365 days = Mayan tun year (the Long Count ■■■ / ■■■)

Key insight: Mayan time is cyclical, not linear. Day 100 is a return to origin at greater depth – not an endpoint. Each badge is a glyph.

THE WATER LAYER

■ Droplet = individual moment, singular presence
 ≈ Wave = pattern emerging, rhythm established
 ■ Current = deep flow, self-sustaining, oceanic mastery

Water does not force – it shapes through persistence.
 The LOT badge system is not about grinding. It is about returning.
 Every return is counted. None are forgotten.

THE ARCHITECTURE LAYER

■■ Foundation = the first pillar, ground laid
 ■■■ Structure = box-drawing order, the frame taking shape
 ■.■ Architecture = the full system, dot at center: you

Architecture is intentional. Every block placed with care becomes load-bearing.
 Your practice builds something that holds.
